Sustainability Compliance Report						
A. GENERAL PRINCIPLES						
A1. Strategy, Policy and Goals						
A1.1. The prioritised environmental, social and corporate governance (ESG) issues, risks and opportunities have been determined by the Company's Board of Directors.	X				Ford Otosan identifies its material sustainability issues by conducting a double materiality assessment and seeking the opinions of its internal and external stakeholders. The company monitors the risks and opportunities related to these topics throughout the year.	Ford Otosan 2024 Integrated Annual Report, Value Creation Journey, https://www.fordotosan.com.tr/en/sustainability/sustainability-reports 2025 Annual Report Sustainability Report Sustainability Priorities
A1.1. The ESG policies (Environmental Policy, Energy Policy, Human Rights and Employee Policy etc.) have been created and disclosed to the public by the Company's Board of Directors.	X				Ford Otosan Sustainability Committee determines the company's sustainability policies in ESG areas and ensures their implementation. The process is ongoing to have all the policies approved by the Board of Directors. The published policies are available on the corporate website.	2024 Integrated Annual Report, Sustainability Management, https://www.fordotosan.com.tr/en/sustainability/sustainability-reports https://www.fordotosan.com.tr/en/corporate/about-ford-otosan-compliance-policies
A1.2. The short and long-term targets set within the scope of ESG policies have been disclosed to the public.	X				Ford Otosan's short- and long-term targets for ESG policies are determined with the approval of the Board of Directors. The Sustainability Hub team and agile teams monitor them monthly and report the progress to the Sustainability Committee every quarter. The Sustainability Committee is headed by Ford Otosan Leader. Ford Otosan determined its long-term goals in 2022 in line with its "Future. Now" vision. These are categorized into the main headings of "Climate Crisis and Energy Management," "Waste Management and Circular Economy," "Water Stewardship," "Social Benefit" and "Gender Equality." Progress regarding	2024 Integrated Annual Report, For People, For Community, For Environment, https://www.fordotosan.com.tr/en/sustainability/sustainability-reports

			these goals and short-term targets are disclosed through the Integrated Annual Report.	
A2. Implementation/Monitoring				
A2.1. The responsible committees and/or business units for the implementation of ESG policies and the senior officials related to ESG issues in the Company and their duties have been identified and disclosed to the public.	X		<p>Ford Otosan Sustainability Hub Team and Agile Teams are responsible for publishing and updating policies. The Sustainability Committee determines the company's sustainability policies in ESG areas and ensures their implementation. The Committee consists of Ford Otosan Leader (General Manager and Deputy GeneralManager) the Operations and Investments Leader, Engineering and Technology Development Leader, Purchasing Leader, Finance Leader, Human Resources and Transformation Leader, Engineering and Technology Development Leaders, Corporate Communications Leader, Investor Relations Leader, Occupational Health and Safety & Environment Leader and the Public Affairs Coordinator. The Sustainability Committee is headed by Ford Otosan Leader and coordinated by the Sustainability Hub. The process is ongoing to have all the policies approved by the Board of Directors. The published policies are available on the corporate website. Sustainability Department under the Corporate Communications Leader, who reports to Ford Otosan Leader, is responsible for implementing the ESG strategy and coordination with different functions within the organization.</p> <p>The Sustainability Committee convenes at least four times a year. As the chair of the Sustainability Committee, Ford Otosan Lead is responsible for reporting the company's sustainability</p>	2024 Integrated Annual Report, Sustainability Management, http://www.fordotosan.com.tr/en/sustainability/sustainability-reports

<p>A2.1. The activities carried out within the scope of policies by the responsible committee and/or unit have been reported to the Board of Directors at least once a year.</p>	<p>X</p>		<p>performance, the current status with regard to the strategy, and the global sustainability agenda developing during the year to the Board of Directors. The Board of Directors is advised about the Sustainability Principles Compliance efforts through the Corporate Governance Committee and the Early Determination and Management of Risk Committee.</p>	<p>2024 Integrated Annual Report, Sustainability Management, http://www.fordotosan.com.tr/en/sustainability/sustainability-reports</p>
<p>A2.2. In line with the ESG targets, the implementation and action plans have been formed and disclosed to the public.</p>	<p>X</p>		<p>Ford Otosan determined its long-term goals in 2022 in line with its “Future. Now” vision. These are categorized into the main headings of “Climate Crisis and Energy Management,” “Waste Management and Circular Economy,” “Water Stewardship,” “Social Benefit” and “Gender Equality.” Progress regarding these goals and short-term targets are disclosed through the Integrated Annual Report. With the issue of combating climate crisis gaining prominence for the stakeholders and European Green Deal , Ford Otosan has set its target as achieving net zero emissions across its value chain by 2050. The roadmap for transitioning to a lower carbon economy to reach this target has been expanded to include the suppliers.</p>	<p>2024 Integrated Annual Report, Sustainability Management, http://www.fordotosan.com.tr/en/sustainability/sustainability-reports</p>
<p>A2.3. The Key ESG Performance Indicators (KPI) and the level of reaching these indicators have been disclosed to the public on yearly basis.</p>	<p>X</p>		<p>The progress regarding key ESG performance indicators determined in line with Ford Otosan’s sustainability strategy is disclosed with year-on-year comparisons in the Integrated Annual Report.</p>	<p>2024 Integrated Annual Report, Sustainability Targets, For Technology and Innovation For People For Community For Environment, https://www.fordotosan.com.tr/en/sustainability/sustainability-reports</p>
<p>A2.4. The activities for improving the sustainability performance of the business processes or products and services have been disclosed to the public.</p>			<p>Innovation activities to improve the sustainability performance of business processes or products and services are disclosed to the public along with best practices through the integrated annual reports.</p>	<p>2024 Integrated Annual Report, For Environment For Technology, Innovation, Occupational Health and Safety Vehicle Quality and Safety https://www.fordotosan.com.tr/en/sustainability/sustainability-reports</p>
<p>A3. Reporting</p>				

<p>A3.1. The information about the sustainability performance, targets and actions have been given in annual reports of the Company an understandable, accurate and sufficient manner.</p>	<p>X</p>		<p>Ford Otosan reports and publicly discloses its sustainability performance, targets and actions at least once a year. Information on sustainability activities is provided within the Integrated Annual report. Ford Otosan discloses its actions and plans for each sustainability target in the relevant sections of this report. Detailed information related to sustainability performance is provided in the Annexes.</p>	<p>2024 Integrated Annual Report, Sustainability Targets, For Technology and Innovation For People For Community For Environment, KPIs, https://www.fordotosan.com.tr/en/sustainability-reports</p>
<p>A3.2. The information about activities which are related to the United Nations (UN) 2030 Sustainable Development Goals have been disclosed to the public.</p>	<p>X</p>		<p>Ford Otosan discloses each Sustainable Development Goal impacted by its activities defined in the Integrated Value Creation Model through the Integrated Annual Report. The relationship between the community investment principles and the UN SDGs is also shared in this report.</p>	<p>2024 Integrated Annual Report, Sustainability Targets, Value Creation Model Community Investment Areas, https://www.fordotosan.com.tr/en/sustainability/sustainability-reports 2025 Annual Report- Sustainability Priorities</p>
<p>A3.3. The lawsuits filed and/or concluded against the Company about ESG issues which are material in terms of ESG policies and/or will significantly affect the Company's activities, have been disclosed to the public.</p>	<p>X</p>		<p>Ford Otosan provides information regarding the lawsuits filed and/or concluded against the company in environmental, social and corporate governance issues within the Integrated Annual Report.</p>	<p>2024 Integrated Annual Report, Performance Tables Material Developments Regarding Company Operations, https://www.fordotosan.com.tr/en/sustainability/sustainability-reports</p>
<p>A4. Verification</p>				
<p>A4.1. The Company's Key ESG Performance metrics have been verified by an independent third party and publicly disclosed.</p>	<p>X</p>		<p>All key ESG performance indicators that Ford Otosan discloses to the public are assured by an independent third party.</p>	<p>2024 Integrated Annual Report, Assurance Statement, https://www.fordotosan.com.tr/en/sustainability/sustainability-reports</p>
<p>B. ENVIRONMENTAL PRINCIPLES</p>				
<p>B1. The policies and practices, action plans, environmental management systems (known by the ISO 14001 standard) and programs have been disclosed.</p>	<p>X</p>		<p>Ford Otosan has in place an Environment and Energy Policy, Biodiversity Strategy, and Water Policy. Ford Otosan manages all its products and services within the framework of the ISO 14001:2015 Environmental Management System . All its facilities are ISO 14001 certified. Environmental management policy, ISO 14001 environmental management system certification and other certifications confirming compliance with environmental laws</p>	<p>2024 Integrated Annual Report, For Environment For People, https://www.fordotosan.com.tr/en/sustainability/sustainability-policies https://www.fordotosan.com.tr/en/sustainability/sustainability-reports https://www.fordotosan.com.tr/en/corporate/about-ford-otosan/certificates</p>

				and other applicable regulations are also disclosed on the corporate website.	
B2. The environmental reports prepared to provide information on environmental management have been disclosed to the public which is including the scope, reporting period, reporting date and limitations about the reporting conditions.	X			Ford Otosan discloses information regarding environmental management in the Integrated Annual Report, which also includes the reporting period, scope and limitations . In CDP reporting, the company also shares reporting scope, period, conditions and limitations along with information on environmental management.	2024 Integrated Annual Report, About the Report 2024 TSRS Compliant Sustainability Report 2024 CDP Corporate Questionn. https://www.fordotosan.com.tr/en/sustainability/sustainability-reports https://www.fordotosan.com.tr/en/sustainability/cdpcarbon-disclosure-project-reports
B4. The environmental targets within the scope of performance incentive systems which included in the rewarding criteria have been disclosed to the public on the basis of stakeholders (such as members of the Board of Directors, managers and employees).	X			In line with our “ Future Now” sustainability strategy and long-term climate targets, Ford Otosan integrates climate- and environment-focused indicators into its senior management performance evaluation system. While the performance-based bonus structure consists of company-wide and individual performance components, in 2024 up to 25% of individual performance-based criteria for senior executives are tied to sustainability-related objectives, with up to 12% specifically linked to climate change-related targets.	2024 Integrated Annual Report, About the Report 2024 TSRS Compliant Sustainability Report 2024 CDP Corporate Questionn. https://www.fordotosan.com.tr/en/sustainability/sustainability-reports https://www.fordotosan.com.tr/en/sustainability/sustainability-approach
B5. How the prioritised environmental issues have been integrated into business objectives and strategies has been disclosed.	X			Ford Otosan discloses the outputs , strategies and targets related to its environmental issues in its Integrated Value Creation Model . Additionally, we include a table in the Integrated Annual Report to demonstrate how we manage the very high and high priority issues identified as a result of the materiality assessment.	2024 Integrated Annual Report, Material Topics Sustainability Targets, For Environment 2024 TSRS Compliant Sustainability R, https://www.fordotosan.com.tr/en/sustainability/sustainability-reports
B7. The way of how environmental issues has been managed and integrated into business objectives and strategies throughout the Company's value chain, including the operational process, suppliers and customers has been disclosed.	X			Ford Otosan discloses how it manages environmental issues and integrates suppliers and customers into its strategies, not only in terms of direct operations, but also across the value chain within the Integrated Annual Report.	2024 Integrated Annual Report, For People Value Chain Manager https://www.fordotosan.com.tr/en/sustainability/sustainability-reports

<p>B8. Whether the Company have been involved to environmental related organizations and non-governmental organizations' policy making processes and collaborations with these organizations has been disclosed.</p>	X		<p>Ford Otosan discloses in its annual and sustainability reports whether it is involved in policy formulating processes on environmental issues (sectoral, regional, national and international) and provides information on memberships in environmental organizations, partnerships with relevant associations and NGOs, and its duties, if any, in such organizations, and the activities it promotes.</p>	<p>2024 Integrated Annual Report, For Environment For Technology, Innovation, Memberships and Affiliations, https://www.fordotosan.com.tr/en/sustainability/sustainability-reports</p>
<p>B9. In the light of environmental indicators (Greenhouse gas emissions (Scope-1 (Direct), Scope-2 (Energy indirect), Scope-3 (Other indirect), air quality, energy management, water and wastewater management, waste management, biodiversity impacts)), information on environmental impacts is periodically disclosed to the public in a comparable manner.</p>	X		<p>As required by the GHG Protocol, all carbon emission measurements at Ford Otosan are assured by an independent third party and disclosed to the public. Similarly, energy consumption is verified by an independent third party in accordance with ISO 50001 and disclosed with comparative figures.</p>	<p>2024 Integrated Annual Report, 2025 Annual Report - For Environment KPIs Reporting Guideline 2024 TSRS Compliant Sustainability Report, https://www.fordotosan.com.tr/en/sustainability/sustainability-reports</p>
<p>B10. Details of the standard, protocol, methodology, and baseline year used to collect and calculate data has been disclosed.</p>	X		<p>Ford Otosan discloses the details of the standards, protocols, methodologies and base year employed to collect and calculate its data.</p>	<p>2024 Integrated Annual Report, Assurance Statement for Non-Financial Data 2025 Annual Report - For Environment Reporting Guideline 2024 TSRS Compliant Sustainability Report, https://www.fordotosan.com.tr/en/sustainability/sustainability-reports</p>
<p>B11. The increase or decrease in Company's environmental indicators as of the reporting year has been comparatively disclosed with previous years.</p>	X		<p>Ford Otosan declares the status of environmental indicators for the reporting year compared to previous years (increase or decrease).</p>	<p>2024 Integrated Annual Report, For Environment KPIs 2024 TSRS Compliant Sustainability Report, https://www.fordotosan.com.tr/en/sustainability/sustainability-reports 2025 Annual Report - For Environment</p>
<p>B12. The short and long-term targets for reducing the environmental impacts have been determined and the progress compared to previous years' targets has been disclosed.</p>	X		<p>The long-term targets for reducing the company's environmental impact were determined in 2022. The short-term targets and progress toward the long-term terms are disclosed within the Integrated Annual Report.</p>	<p>2024 Integrated Annual Report, Sustainability Targets 2025 Annual Report - For Environment 2024 TSRS Compliant Sustainability Report, https://www.fordotosan.com.tr/en/sustainability/sustainability-reports</p>
<p>B13. A strategy to combat the climate crisis has been created and the planned actions have been publicly disclosed.</p>	X		<p>Ford Otosan discloses its strategy and actions to tackle climate crisis and transition to lower carbon economy within the Integrated Annual Report.</p>	<p>2024 Integrated Annual Report, Sustainability Targets For Environment 2024 TSRS Compliant Sustainability Report, https://www.fordotosan.com.tr/en/sustainability/sustainability-reports</p>
<p>B14. The programs/procedures to prevent or minimize the potential negative impact of products and/or services on the environment have been established and disclosed.</p>	X		<p>Ford Otosan discloses the programs or procedures to prevent or minimize the negative impact of its products in the relevant sections of the Integrated Annual Reports. The company also declares the actions</p>	<p>2024 Integrated Annual Report, For Environment Product Sustainability 2024 CDP Corporate Questionnaire, https://www.fordotosan.com.tr/en/sustainability/sustainability-reports https://www.fordotosan.com.tr/en/sustainability/cdpcarbon-disclosure-project-reports</p>

			of third parties to reduce greenhouse gas emissions. Ford Otosan has conducted Life-Cycle Assessments for 96% of its products.	
B14. The actions to reduce greenhouse gas emissions of third parties (suppliers, subcontractors, dealers, etc.) have been carried out and disclosed.	X		To increase the sustainability awareness of our suppliers, we continued the activities of the Supplier Sustainability Committee, which we established in 2024, on a regular quarterly basis throughout 2025. Within the scope of the Committee, topics such as monitoring sustainability performance, evaluating survey and audit results, expectations regarding compliance with regulations, and development areas for suppliers are addressed. The sustainability performance of our suppliers is monitored through third party assessments, as well as independent audits. In addition, the achievement status of 6-month, 1-year, and 2-year sustainability targets for critical suppliers is regularly monitored.	2024 Integrated Annual Report, For Environment Value Creation Model, https://www.fordotosan.com.tr/en/sustainability/sustainability-reports 2025 Annual Report - Value Creation Model
B15. The environmental benefits/gains and cost savings of initiatives/projects that aims reducing environmental impacts have been disclosed.	X		Ford Otosan publicly discloses the actions taken, and the projects and initiatives implemented to reduce its environmental impact along with their environmental benefits and cost savings through the Integrated Annual Report and CDP reporting.	2024 Integrated Annual Report, For Environment 2024 TSRS Compliant Sustainability Report 2024 CDP Corporate Questionnaire, https://www.fordotosan.com.tr/en/sustainability/sustainability-reports https://www.fordotosan.com.tr/en/sustainability/cdpcarbon-disclosure-project-reports
B16. The data related to energy consumption (natural gas, diesel, gasoline, LPG, coal, electricity, heating, cooling, etc.) has been disclosed as Scope-1 and Scope-2.	X		As part of the sustainability efforts, Scope 1 and Scope 2 greenhouse gas emissions are calculated regularly, assured by an independent third party as required by the GHG Protocol, and disclosed to the public. Similarly, energy consumption data is reported by “renewable/non-renewable” energy categories to align with the expectations of international sustainability indices.	2024 Integrated Annual Report, Assurance Statement KPIs Reporting Guideline 2024 TSRS Compliant Sustainability Report, https://www.fordotosan.com.tr/en/sustainability/sustainability-reports https://www.fordotosan.com.tr/en/sustainability/cdpcarbon-disclosure-project-reports
			Ford Otosan discloses information	

B17. The information related to production of electricity, heat, steam and cooling as of the reporting year has been disclosed.	X			about the electricity, heat, steam and cooling generated and consumed each year.	2024 CDP Corporate Questionnaire, https://www.fordotosan.com/en/sustainability/sustainability-reports https://www.fordotosan.com.tr/en/sustainability/cdpcarbon-disclosure-project-reports
B18. The studies related to increase the use of renewable energy and transition to zero/low carbon electricity have been conducted and disclosed.	X			Ford Otosan submitted its target of achieving net zero emissions to SBTi by 2050, as set by European Green Deal to combat climate crisis. The company works on increasing the use of renewable energy and transitioning to net zero emission production and discloses these activities to the public through Integrated Annual and CDP reports, along with detailed targets. All the electricity used in all Ford Otosan sites in Türkiye and Romania is procured from 100% renewable energy sources.	2024 Integrated Annual Report, For Environment, 2025 Annual Report - For Environment 2024 CDP Corporate Questionnaire, https://www.fordotosan.com.tr/en/sustainability/sustainability-reports https://www.fordotosan.com.tr/en/sustainability/cdpcarbon-disclosure-project-reports

B25. The platforms where the Company discloses its environmental information have been disclosed.	X			Ford Otosan provides information regarding all mandatory and voluntary platforms where it discloses its environmental data through the Integrated Annual Report.	2024 Integrated Annual Report, About the Report, https://www.fordotosan.com.tr/en/sustainability/sustainability-reports
C. SOCIAL PRINCIPLES					
C1. Human Rights and Employee Rights					
C1.1. The Institutional Human Rights and Employee Rights Policy has been established in the light of the Universal Declaration of Human Rights, ILO Conventions ratified by Turkey and other relevant legislation. The policy and the officials that responsible for the implementation of it have been determined and disclosed.	X			Ford Otosan takes the Universal Declaration of Human Rights as a global guide for providing a professional and healthy work environment for all its employees and making it sustainable . Ford Otosan and all its partners adopt a zero-tolerance policy against slavery and human trafficking in accordance with the conventions and recommendations of the International Labor Organization, the Universal Declaration of Human Rights and UN Global Compact.	2024 Integrated Annual Report, Ethics, Transparency, Internal Control and Internal Audit For People, https://www.fordotosan.com.tr/en/sustainability/sustainability-reports 2025 Annual Report - About The Report https://www.fordotosan.com.tr/documents/Sertifikalar/antetli_human-rights-policy.pdf https://www.fordotosan.com.tr/documents/Kurumsal_Politikalar/antetli_calisma-ikeleri-ve-etik-kurallari(1).pdf
C1.2. Considering the effects of supply and value chain, fair workforce, improvement of labor standards, women's employment and inclusion issues (gender, race , religion, language, marital status, ethnic identity, sexual orientation, gender identity, family responsibilities, union activities, political opinion, disability, social and cultural differences, etc., such as non-discrimination) are included in its policy on employee rights.	X			At Ford Otosan, human and employee rights are protected across the entire value chain. Discrimination is strictly prohibited. In addition, Ford Otosan guarantees fair work conditions for all employees. Guided by the Human Rights Policy and the Universal Declaration of Human Rights, Ford Otosan protects employee rights in recruitment, promotion, career development, wages, benefits and diversity . Together with all	2024 Integrated Annual Report, Diversity, Equity and Inclusion V.
